

As we close out the acutely challenging year of 2011, thanks once again for past 31 years of commerce. There are excellent tire vendors in every community, whom we respect and support. Our specialization is nationwide shipment of highest quality tires at lowest possible price, particularly in times of shortages & price escalation.

Current conditions of rationing & ticket inflation are best overcome by prudent purchasing and advance planning. If there is any size required in next 4 months, call or email for immediate quote. You have earned our admiration and gratitude. HAPPY NEW YEAR!
